The Red Barn Concerts Series IV is a remembrance of the legendary Red Barn Theatre, the home of Summer theatre in cottage country for over half a century. The theatre was owned by the Sibbald family, and was made available and supported by John Sibbald until it was destroyed by fire. All that remains in the field where it stood is the silo.

## "THE GIANTS OF JAZZ" "GREAT MOMENTS IN JAZZ"

Jazz ... It was the popular music for twentieth-century pre- and post-war generations. It's practitioners were the best of the best and competed with each other with the same intensity as heavy-weight prize-fighters. They practiced incessantly, and experimented with all the imaginable musical possibilities - both harmonic and melodic - in order to advance the development of their music into their music. And music lovers, dancers and party-goers were thrilled by all of this, paid homage to genius that made its home on 52nd Avenue in New York City, and which then travelled the railways and buses of North America bringing musical riches to all those who had become the jazz adherents in the "Golden Age".

There will not be an era of such olympian musical achievement in the foreseeable future, and so THE KOOL FM Barrie Jazz And Blues Festival has been dedicated to shifting its emphasis from presenting the new, contemporary achievements of enterprising, creative jazz artists to reflections, reminiscences and retrospectives on the giants upon whose shoulders present participants now stand. It is hoped that you will enjoy these glimpses into jazz's "Golden Age".
